## BOARD STANDING COMMITTEES

The following standing committees of the Board met during the period from July 1, 2019 through December 31, 2019.

### Performance Improvement Issues

**August 16, 2019:** The standing committee addressed four items at this meeting. The first item for discussion was approval or denial of waiver requests presented by Respironics, Inc. d/b/a Philips Respironics and Respironics Colorado, Inc. The second item for discussion was Sanderling Dialysis of Nashville, Nashville license #233 and the use of Certified Clinical Hemodialysis Technicians (CCHT). The standing committee informed the licensee the Board is not empowered to allow CCHTs to perform certain functions. Further guidance was given to have the function of CCHTs be considered by another Board. This item did not result in a vote. The third item for discussion was the change of ownership (CHOW) application disciplinary action requirement. It was approved for administrative staff to take provided recommendations and implement into the CHOW application presenting the results at the October 2019 Board meeting. The final item for discussion was request for approval of the interpretative guideline (IG) regarding

'physician' term be allowed for the Professional Support Services rule 1200-08-34-.06(2)(b). The standing committee approved and moved to the full Board for final approval. Full set of approved minutes may be found at:

<https://www.tn.gov/content/dam/tn/health/healthprofboards/minutes/hcf/August-16-2019-Sunshine-Notice-Agenda-and-Minutes-Performance-Improvement-Issue-Standing-Committee.pdf>

#### **Assisted Care Living Facility**

**August 26, 2019:** There were five items before this standing committee on this date. The first item was to discuss revision to the Nursing Home and ACLF rule regarding influenza and pneumococcal disease to include proposed shingles language. A motion was made to approved, but ended in a tie vote with motion dying. The second item for discussion was the ACLF CMP grid and introduction of \$3,000 CMP for tags resulting in harm to a resident. An IG was approved to include maximum amount of civil penalty allowed by statute and was moved to the full Board for final approval. The third item for discussion was to seek a definition of sleeping hours in the ACLF and RHA regulations. An IG was approved to define as 8 pm to 6 am and moved to the full Board for final approval. The fourth item for discussion was the use of video cameras in resident rooms. The standing committee did not express an inclination to address stating this should be addressed with an agreement between the resident and the facility while meeting all other aspects of licensure. The final item for discussion was the implementation of 'best practices'. This discussion evolved from all items brought before the committee at this meeting. It was felt the development of such practices would set the 'bar' high for facilities and encourage them to operate at more than the minimum expectation. Full set of approved minutes may be found at:

<https://www.tn.gov/content/dam/tn/health/healthprofboards/minutes/hcf/August-26-2019-Sunshine-Notice-Agenda-and-Minutes-10-24-2019.pdf>.

**December 19, 2019:** There were four items for discussion before this standing committee. The first item was to revisit the definition of secure unit in the assisted care living facility (ACLF), home for the aged (RHA), and nursing home regulations. The request was for the term 'facility' to be added to the ACLF definition of secured unit. The committee approved this request with development of an interpretative guideline for movement to the full Board. The second item was clarification of timeframe and intent of resubmission of ACLF certification application to include continuing education training within six (6) months. The committee requested drafting of rule language similar to BENHA rule language for nursing home administrators and to bring to the next ACLF Standing Committee agenda. The third item for discussion was Alzheimer's Unit versus Secured Unit regulations. The committee did not act on this item. The final item for discussion was an administrator serving more than one facility. The committee indicated specific information needed to address each request. They further stated this would be a case by case request. The Full set of minutes will be presented for approval at the February 5, 2020 Board meeting. Full set of approved minutes may be found at:

## INTERPRETIVE GUIDELINES

The following interpretive guidelines have been approved by the Board for Licensing Health Care Facilities and can be accessed in their final version at:

[https://tn.gov/assets/entities/health/attachments/Interpretive\\_Guidelines.pdf](https://tn.gov/assets/entities/health/attachments/Interpretive_Guidelines.pdf) -

1. **SUBJECT:** Use of ‘Physician’ Term  
**DATE:** October 2, 2019  
**RULES:** Professional Support Services, 1200-08-34-.06(2)(b)

The Board for Licensing Health Care Facilities for the purposes of this interpretive guideline adopts the following definitions:

“Treating physician” refers to the primary physician who is responsible for managing the resident’s medical care.

“Non-physician practitioner (NPP)” is a nurse practitioner (NP, clinical nurse specialist (CNS), or physician assistant (PA).

“Nurse practitioner” shall have the same definition as found at Tenn. Code Ann. § 63-7-126

“Clinical nurse specialist” shall have the same definition as found at Tenn. Code Ann. § 1000-04-.02(2)

“Physician assistant” shall have the same definition as found at Tenn. R. & Regs. § 1200-08-25-.02(30)

The Board for Licensing Health Care Facilities interprets Tenn. R & Reg § 1200-08-34-.08(9)(a) to be read in conjunction with existing Tennessee law allowing the delegation of physician tasks. Any “physician” under the provision of the noted regulation may delegate to a NPP any interdisciplinary team activity otherwise allowed under the provisions of Tennessee law to be delegated, so long as the following conditions are met:

- (a) The NPP to whom tasks are delegated must maintain a relationship with the physician and must be acting as the agent of the physician and be under their supervision or delegation.
- (b) The NPP may not be employed by the assisted care living facility where the resident resides.
- (c) Compliance with all other laws and regulations is maintained.
